Letter to staff from your True North Social Committee.

March 19th 2020

Hey everyone,

Hope everyone is safe & feeling well.

Your True North Social Committee has decided with the covid-19 happening, that keeping the safety of our team is top priority. Therefor the social outing that we were working on for March is now cancelled. We are currently exploring other options to keep people interacting, but in a safe manner.

We will review the situation in April and give you further updates for events to come.

Thank you for understanding,

--

Love your Social Committee,
