-ACOUSTIC SOLUTIONS-

Stretch Ceilings & Walls

CLIPSO® ceiling & wall coverings provide a perfectly smooth and uniform surface. Installation is fast, easy, and clean, without pollution or odors. CLIPSO coverings are made of a polyester knit coated with polyurethane. Thanks to high-tech profiles, CLIPSO can create walls and ceilings with intricate designs and complex shapes.

The CLIPSO System

1. CLIPSO PVC-free Coverings (polyurethane-coated polyester knit)

705S Standard
