

## for SHARON RIVALDO

The Angels of Mercy and the Italian American Law Enforcement Officers of Greater Rochester (ITALEO) have joined forces to do a much deserved benefit for Sharon Rivaldo. As many of you might or might not know, she has been hospitalized and or confined at home for over 8 months. Sharon has helped so many and is now in need of our help. Please join them in their effort to raise much needed funds for Sharon's medical care and needs.

She is facing serious medical issues which resulted in recent amputation of her left leg and is needing more surgery in the very near future. Not all of her medical needs and expenses will be covered by health insurance, such as aides, transportation, lifting device, home adaptation, adaptable wheelchair, to name a few. So, we are asking for your help.

While we would have preferred to do a more personal fundraiser in the style of Sharon and Phil, the need to observe "social distancing" requires that we make a direct appeal instead. We do not want to delay this much needed help for her and her family, so we are asking each and everyone to join us in making this a successful venture.

Your donation is greatly appreciated, as are your prayers and good wishes.
