## LAST-MINUTE DATE IDEAS TO DO WITH YOUR DOG

Love is in the air and a perfect way to have a date night with your dog is in February! So, set some extra time aside for your dog and use one of these ideas to give them all the love and attention they deserve.

- Sip & Paint: Use white paper and some non toxic paint to create a paw print masterpiece.
- Ice Cream or coffee date: most places offer a special doggie sundae for them to enjoy or a pup cup of whipped cream at your favorite cafe.
- Chef Night: Let them help you cook some favorite treats, while they sample some of the ingredients
- Shop 'til you drop: Petsense or PetSmart shopping extravaganza.
- Hiking: Goodall state park or 40 acre rock is a great place for a nice stroll.
- Movie night: cuddle up on the couch with some dog freindly snacks you can share.

## FEAR FREE TIP OF THE MONTH

Bringing your dog to new places can be exciting, but it can also be stressful for your pet, especially with pets that have anxiety around people and other dogs. Watch for signs that your dog is nervous and take your dog out of the situation. Some signs include lip licking, panting, lowered head and pacing. Reassure them that everything is ok, and try again once they have relaxed. Slowly ease back into the situation and watch for the signs again. Be patient, it make take numerous times over many days for your dog to get more comfortable. Never force them if they are scared, it will only make matters worse.

# FEBRUARY EVENTS CALENDAR
