Adding Convenience to Your Life

Life is busy. Juggling your day-to-day and staying on top of your family's health care can be a challenge, but we've set up our new portal to help. Our practice's online tool at:
<https://pacc.pcc.com/portal> lets you communicate with us easily, any time and from anywhere.

You can access your child's medical records on your smartphone through Pediatrics of Cherry Creeks' secure patient portal at <https://pacc.pcc.com/portal>.

Using your secure password and user ID, you can log into our practice at <https://pacc.pcc.com/portal> 24/7 from your home or office. All you need is a mobile phone, tablet device or a computer with internet access.

Information You Can Access Through My Kid's Chart

When you access our patient portal, you can review a complete health information summary for each child in your care, including:

- Most recent physical date
- Upcoming appointments
- Historical visits
- A summary of labs and medical tests
- A problem list, allergy list and medications list
- A complete immunization record

You can download or print your child's immunization record directly from Pediatrics of Cherry Creeks' portal at <https://pacc.pcc.com/portal>, and you can review a detailed visit summary for any appointment.

Secure Messaging

You will be able to communicate with your pediatrician by sending and receiving secure messages via our portal.
