Some Testimonials about Dean Braxton's Story

"Dean Braxton gives the modern Church a glimpse into an eternal place that few get to see and then return and tell. The things he has seen and describes are scriptural and incredibly challenging to those who have their mind made up about what lies beyond." Pastor Brian C. | Eugene, Oregon

"I knew Dean Braxton and his family before his heaven experience. We went to church and Bible studies together. His testimony of going to heaven and meeting Jesus has given me a new perspective on life and my eventual death. People who have passed on before me are in heaven now singing praises to Jesus and I will see them when my time on earth is done." Jon F. (Puyallup, Washington)

"After listening to Dean's account, it dawned on me that the thing that most of the other accounts were missing was "Scripture"... That is not the case with Dean's testimony. Dean has Scripture after Scripture, confirming what he experienced." Bob B. (Stanwood, Washington)
