

# QUALITY CLASSIC NEWS

## “Like Dave” – Employee Highlights

Through character, work ethic, service, and overall goodness, these employees demonstrate the core values of excellence we strive to emulate in our Classic Foods Inc family that represent WENDY'S.

Each month, one employee from each district will be highlighted for exemplary service in the stores and throughout our community!

- Team photo per shift
- Tag our social media (for prize)
- Say "Thank you" to EVERY customer 2x day

## 2023 Frosty Key Tags

Frosty Key Tags are back for the 2023 holiday season!

We will, as a company, begin requesting a donation from each customer beginning 11/28.

At the end of each transaction, ask the customer:

**"Would you like to donate \$2 to the Dave Thomas Foundation for Adoption for a key tag that will get you a free frosty with every order in 2023?"**

(If 'Yes' then ask):

**How many would you like?**

**THANK YOU FOR YOUR DONATION!"**

We will continue doing this until each store has achieved their donation goal and we have completely run out of 2023 Frosty Key Tags.

### Frosty Machine Hopper Troubleshooting

- Only put frosty mix that has been maintained at the proper temperature into the machine.
- Ensure the hopper lid is tight-fitting and in good repair.
- Make sure the air filter is clean.
- Don't let the frosty machine run low on mix.
- Make sure the frosty machine has a minimum of 2-inches air clearance on the back and all sides.
- If you have checked or verified all the above and the product in the hopper is still not at quality standard, call for service!

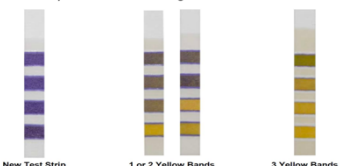

## LOW RANGE TEST STRIP & OIL DISCARD

SCENARIO A ONLY

Test and Filter All Fryers Daily

### Testing Oil Procedures:

1. Hold a Test Strip using a tong
2. Dip the Test Strip into hot oil (200-350°F) so all blue bands are submerged for 5 seconds
3. Remove Test Strip from oil
4. Wait 30 seconds
5. Blot Test Strip with paper towel to remove excess oil
6. Read Test Strip (Test Strip reading results valid for 5 minutes)
7. Keep bottles tightly closed after use
8. Always store all bottles in refrigerator

GOOD (Filter Oil)	GOOD (Filter Oil)	WARNING (Prepare to Discard Oil the Next Day)
<ul style="list-style-type: none"> <li>• Use new Oil Test Strip for each fryer</li> <li>• Oil should be at least 200°F</li> <li>• Filter the fryer after testing oil</li> </ul>	<ul style="list-style-type: none"> <li>• When 1 or 2 bands on the test strip are yellow, filter oil per normal procedures</li> <li>• Top off the fryer with fresh oil</li> </ul>	<ul style="list-style-type: none"> <li>• When 3 bands on the test strip are yellow, oil should be discarded the next day</li> </ul> <p><b>Important:</b> Ensure resources are scheduled to discard oil the next day.</p>

### DAILY TASKS

1. Turn on Fryers
2. Heat Fryers to at least 200°F

3. Test Fryers
4. Filter Fryers

Product Taste and Quality always has priority.

A band with blue lines and yellow center is considered a yellow band. Filter oil three times each day.

## DAILY FRYER UP-KEEP:

1. Turn on Fryers
2. Heat Fryers to at least 200°F
3. Test Fryers
4. Filter Fryers

# Fresh Thoughts from Todd

“Those who build great companies understand that the ultimate throttle on growth for any great company is not markets, or technology, or competition, or products. It is one thing above all others: the ability to get and keep enough of the right people.” – Jim Collins

## BE THE LEADER:

Our goal is to get and keep enough of the right people – the right people can influence others to achieve goals. Effective leaders in business help to create a work environment that is productive, pleasant, and harmonious.

You don't need a title to work and live like a leader.

These are the kind of people we will continue to hire and build success on. Within you is a great leader of CFI!

# Robert's Recipe to Success

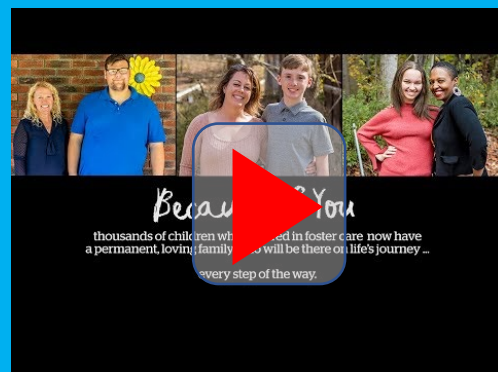

Don't quack like a duck, Soar like an eagle!

When did you last take the time for personal care and development?

Work on something that makes you better, happier, more successful – in short, spend more time flying and less time quacking.
