From recovery to execution

A platform for relevant business connections, qualified commercial dialogue and measurable sponsor visibility.

Venezuela Energy Reawakening Summit brings together government representatives, oil and gas operators, major technical service providers, engineering firms, equipment and logistics suppliers, financial institutions, technology innovators, SMEs and investors.

Priority outreach will target major operators currently active in Venezuela and companies able to contribute to energy-sector recovery and project execution. Curaçao provides the regional meeting point, with CINEX as the investment and export-promotion platform.

PLENARY / HOUSTON 2026

The September 17, 2026 Houston edition provides the starting point for the summit. Attendance and exhibition targets are estimates; they do not represent confirmed registrations or commitments.

02 / INSTITUTIONAL PLATFORM

Curaçao as host. Three governments in dialogue.

Hosting and local coordination are planned with CINEX, Curaçao’s investment and export-promotion agency.

01 CINEX and the investment agenda

The programme envisages CINEX hosting and connections with the island’s energy, industrial and logistics opportunities, as well as relevant public- and private-sector stakeholders.

02 A high-level opening

The organizers will seek an opening with the Prime Minister of Curaçao and representatives of the governments of Curaçao, Venezuela and the United States.

03 Diplomatic invitations

Venezuelan authorities will be invited through Venezuela’s Embassy in Washington, D.C., subject to verification of the appropriate diplomatic channel. Special invitations will be issued to the U.S. Government.

04 U.S. representation on the island

Invitations will be extended to the U.S. commercial representative or business attaché and Consul General in Curaçao through the appropriate mission channels.

Institutional participation, opening protocol and hosting activities remain subject to acceptance, coordination and official confirmation.

03 / PROPOSED PROGRAMME

Business, culture & infrastructure

An indicative three-day sequence. Dates, main venue and times: to be confirmed.

DAY 1

Golf & a cultural welcome

Golf tournament and delegate arrivals. A welcome celebration is planned at the city's Landmark Building, hosted by CINEX, with music, culture, hospitality and typical island amenities.

DAY 2

Opening, industry & IGB

Institutional opening, technical sessions and business meetings. IGB plans a 15th-anniversary gathering and VIP reception to highlight its interest in financing activities and purchases of goods and equipment related to Venezuela's oil-sector reopening.

DAY 3

Technology, partnerships & execution

Technology, AI, procurement, partnerships, workshops, B2B meetings and closing activities. Access to private receptions will be coordinated with each host; financing decisions rest with the bank.

SHOWCASE / ISLA REFINERY & BULLEN BAY

A special local-government chapter is planned: an Isla refinery showcase, guided technical visits and a presentation of Bullen Bay's terminal and storage facilities. Access, safety, capacity and routing will be confirmed with authorities and operators; visits may take place before or after the main sessions.

04 / LEADERSHIP SPONSORS

IGB & Titanium

A clear hierarchy that preserves IGB’s founding position and offers a second high-profile sponsorship.

MAIN SPONSOR / FOUNDER & STRATEGIC PARTNER

IGB

- Presenting Sponsor and Exclusive Banking Partner under a separate agreement.
- Headline recognition, financial forum and main stand / VIP Lounge, as contracted.
- Anniversary gathering and VIP reception planned for the summit’s second day.

Investment by negotiation

- Recognition immediately below IGB, with a comparable leadership profile.
- Principal stand alongside IGB’s, subject to the floor plan and final specifications.
- Tailored non-banking package: visibility, executive access, technical activation and editorial presence.

IGB retains its status as institutional founding partner and its banking exclusivity. Titanium occupies the next leadership level; any additional exclusivity must be expressly agreed.

05 / TITANIUM

A high-profile partnership

A basis for negotiation. Investment and final deliverables will be agreed by contract.

BENEFIT	PROPOSED SCOPE
Identity & hierarchy	Prominent logo immediately below IGB on agreed channels: website, app, signage, screens, sponsor wall and print.

Each sponsorship will have a schedule of assets, deadlines, approvals and fulfillment evidence.

Website, app & communications

- Carousel and tier pages, company profiles and direct links.
- Splash screen, banners, notifications and meeting requests, as packaged.
- Newsletters, pre-event campaigns and LinkedIn posts.

Media & knowledge

- Consented contact capture in accordance with privacy rules.
- Review of deliverables and introductions; no guarantee of sales or contracts.

14 / INVENTORY & TERMS

Clear rights.
No duplicate allocations.

20 preliminary exhibition positions

- Maximum allocation if all included stands are contracted: IGB 1 + Titanium 1 + Diamond 3 + Platinum 4 + Gold 5 = 14 positions.
- One additional position planned for tourism would leave 5 for à-la-carte booking: 20 − 14 − 1 = 5. The final floor plan and any capacity change require validation.
- Silver and Bronze stands are booked from remaining inventory; they do not create additional positions. Leadership positions are reserved only once and form part of the total inventory.
- Banking exclusivity belongs to IGB. Any other exclusivity must specify category, scope and duration by contract. Incompatible rights are never sold twice.

Reservations, payments & scope

- Published-price tiers: 50% on signing and the balance no later than 45 days before the confirmed event date. IGB and Titanium milestones are agreed separately; late bookings follow their contracts.
- Contracts will define reservation and payment arrangements while dates and venue remain pending, plus cancellation, rescheduling, force majeure, refunds and liability.
- Logos, artwork and content are subject to deadlines and approvals. Travel, lodging, freight, customs, setup, electricity and dedicated internet are excluded unless expressly agreed.
- Spaces, catering, golf and technical visits require authorization. Sponsorship does not imply government endorsement, preferential regulatory treatment, approved credit or guaranteed contracts.
