

## LEOSA Training

On Target Gun Club and Shooting Range in Peachtree City, Ga. is pleased to offer a new class. After lawmakers passed the Law Enforcement Officer's Safety Act, retired officers were able to continue carrying their weapons if they took annual classes in de-escalation and use of force, as well as qualified with their weapon. Chris Matson is the new General Manager and Lead Instructor at On Target. He is a Ga. P.O.S.T. Certified Instructor and Firearms Instructor with over 30 years of police experience and over 20 years of teaching firearms. He saw the difficulty retired officers had in finding a place to meet the LOESA requirements, and is offering this service to retired officers for only \$75 (pre-paying secures your reservation). This includes approximately 2 hours of class time and 30-60 minutes of range time, two GASQT targets, and eye & ear protection. Due to range availability we do prefer groups of 2-4. P.O.S.T. forms are available at the range. Please bring your OKey #, if possible. We will announce dates for training two months ahead of time on our website: [www.ontargetgunclub.com](http://www.ontargetgunclub.com)

Chris A. Matson

Office 770-462-2267 (M-F from 11AM-5PM)
