**Re: BOEM Offshore Winds Project
Oregon Draft Wind Energy Areas**

To whom it may concern:

This correspondence serves as formal notice that the Curry County Board of Commissioners adamantly opposes the development or installation of wind energy equipment, facilities, and structures related to the proposed BOEM Oregon Offshore Wind project off the coast of Curry County. Such opposition was found to be unanimous among the Board of Commissioners in representing the citizens of Curry County.

To condense the abundant concerns presented to County governance by the citizenry, the entirety of the proposed Offshore Wind project is injurious to, and opposed by, Curry County.
