TL1H

NESSO TABLE

The tops in Luce are made by hand with natural materials, which react unpredictably to crafts production processes. Their surface can feature thickness differences, little marks, striping, little variations of colour tone and solidity. These characteristics are linked to the very nature of the materials and are considered qualities able to make each top in Luce unique and different from any other.

NE1T

SCIARA TABLE

The top décor is made by hand and makes each single piece unique. The material, the particular production process and technique lead to different patterns on each element, which in turn form tops, which are different from one another, even within the same batch. Irregularity is the featuring characteristics of this production process.

SC1T

SUNSET TABLE

The series Sunset also includes side tables with top in different materials. This product can be used also in interior environments.

SNIT
