

Goose Hollow Pool Rules for 2021

(in addition to our existing pool rules)

Fobs will be turned on this year for the normal pool hours of 8am – 10pm.

Goose Hollow furniture will be available for use.

Hand sanitizer will be provided upon entering the pool area.

Bathrooms must be cleaned daily so the necessary cleaner will be in the bathroom for your use. If you use one of the tables, please use this cleaner also.

Physical distancing of at least 6 feet is required. Adult residents who use the pool must act as a Pool Monitor to ensure this is maintained.

A limited number of people will be allowed at the pool (never more than 27) to maintain the 6 feet of required physical distancing. Last year we only reached this once, with neighbors quickly volunteering to leave as needed.

Each home will be allowed no more than 5 guests. Due to our limited capacity of 27, please be considerate of your neighbors during the peak afternoon hours.
