Introduction to Town Hill

Ensuring we can help

We only make promises we can keep, so being transparent with things we're not good at is a big part of onboarding clients. If you require any of the services below, Town Hill is probably not the best fit for your product:

- *Pattern based development: We cannot accept patterns in lieu of tech packs and we don't do any sample iteration via patterns*
- *Hand sketches: We cannot make any samples or help you with design work based on solely on sketches.*

Introduction to Town Hill

The Town Hill Advantage

Town Hill empowers you to spend more time designing great products and reaching new customers, rather than worrying about your production.

We help you by providing:

- *Tech Enabled Service: All the information you need, online anytime*
- *Flexible Minimums: Our specialty workshops specialize in small orders*
- *Complete Transparency: We're proud of our industry leading ethics and work standards and share absolutely everything with our clients*
- *Honest service: Our client service team won't hesitate to tell you "No" if you request something that will compromise your timing or put quality at risk. We tell it like it is so you have accurate information to make good business decisions.*
