

## Leilani Community Association

A message from the Board of Directors

Aloha Members of the Leilani Community Association (LCA),

The Board of Directors is pleased to announce a second LCA Community Poll. These polls are intended to better enable our members to express individual needs and feelings regarding the LCA.

This latest poll dives into the opinions and concerns you may have about the prospects of re-opening LCA roads entirely covered by lava during the 2018 Kilauea eruption. The answers you provide will help us move forward with any plans that become necessary to ensure the best and safest outcome for all community members and this new environment in which we live.

Please take the time to participate in this poll. We also suggest that before you complete the poll, if at all possible, visit the lava area throughout Leilani to get a perspective on the enormity of this flow.

It's a great way for us to hear from a much larger group of LCA members; and most especially those who are unable, or choose not, to attend monthly board meetings.

Please also note that any thoughts you may have regarding your LCA can be emailed to <mailto:admin@leilaniestate.org>

<https://forms.gle/UFJtLDEDXc7R8DXr9>

Thank you  
LCA Board of Directors
