BUILDING FOR BABIES

Thank you for your support of the Center!

I want to take the opportunity in this newsletter to announce our upcoming Capital Campaign to completely renovate, inside and out, our offices at 108 Parallel Street in Beaver Dam and pay off our existing mortgage. Our goal is to raise \$700,000. Those funds will be used to enhance client privacy and comfort as well as improve operational efficiency and provide enhanced security for clients, staff and volunteers. Thanks to a generous donation, from a donor who wishes to remain anonymous, and some direct contacts by one of our campaign advisors, we have already raised over \$150,000.

By the time you receive this newsletter, we will have completed creating our Campaign marketing and promotional materials.

Our plan is to engage as many Christian churches as possible in Dodge County to communicate and promote our Campaign to their congregations. If you would like to help us in communicating with those churches and getting our marketing materials to them, please contact me at my number or email below. We could really use your help.

Part of our plan includes doing several direct mailings to target donors identified by the advisory committee as having a history of community philanthropy. Additionally, we will promote the Campaign through the Center website and Facebook page. We also hope to present Campaign information on WBEV Community Comment!

A separate mailing to all of you who receive this newsletter will occur in early August inviting your personal participation in the Campaign!

Again, thank you for all you do to support our mission of

CARE ~ COUNSEL ~ COMPASSION.

DIRECTOR'S DISPATCH

GREETINGS ONE AND ALL:

It is good to be back, folks. I am very thankful for the opportunity given to me in attending the Heartbeat International Conference.

You may be asking what did I learn? Well, I learned that hardships that we as pregnancy centers have, are the same across the nation as well as internationally. We came up with solutions to help our centers become more efficient. The updated statistics helped us better understand where our focus needs to be to help our clients. I learned the do's and don'ts about counseling as per the latest laws.

I had a wonderful time and I would like to also mention that I met a fellow Wisconsinite working in DC. We connected immediately when she saw "Beaver Dam" on my name tag!

I think what makes a conference successful is the great people you meet. I met Laura from Ukraine. She touched my heart with her story. In the middle of the war stands the pregnancy center she represents. Talk about facing challenges! Before she left, a friend of ours took the picture below. May God send His triumphant angels to protect her, her clients, that pregnancy center and all people in that area ~ in the mighty name of Jesus Christ of Nazareth.

Thank you again, folks, for all you do to support us through prayers, finances, items, and spreading the word of our help for our community. We are here because of **YOU!**

BLESSINGS ~

NANCY VILLEGAS
