Join Genesis Associates Alan and Amy Muia in Coeur d'Alene, ID, for this four-day intensive Genesis Training, September 28–Oct 1, 2020.

We'll explore the roots of destructive patterns that keep others—and ourselves—trapped in cycles of bondage: workaholism, food, anxiety, codependency, sex, shopping, alcohol, porn, substances, and other self-comforts.

We'll tackle questions like: How do addictions and compulsions function in the brain? Why is it so hard to get free, despite our promises and resolve? How do false beliefs contribute to our stuck behaviors? How do destructive patterns get started? What's the role of trusting relationships in healing? How can we get free? And how can we best help those who are struggling, without enabling?

## THE GENESIS PROCESS

THE GENESIS PROCESS provides a functional and neurochemical understanding of what's broken—what causes self-destruction and self-sabotage. If we don't first understand what's broken, how can we devise a recovery plan that works? The goal of The Genesis Process and Programs, through relapse prevention best practices, principles of neurochemistry, life skills, and emotional healing, is to make possible the successful restoration of broken lives.

The Genesis Process Workbook, when facilitated by a certified Genesis Process counselor, has proven successful in diverse settings. While the main focus of the Genesis Process is to serve those suffering from substance use disorder, it is easily adaptable to other self-destructive behaviors. Grounded in Biblical understandings, the process is also sensitive to each client's personal spiritual journey.

## COURSE CONTENT

## WHO CAN BENEFIT?

This training is designed for lay persons, pastors, or agency/ministry workers who want to guide individuals through the one-on-one Genesis process. It is also open to those who want to explore their own addictions or stuck places; family members or friends who want to gain a greater understanding of why their loved ones are struggling; and anyone who wants to better understand how addiction works.

## WHAT TO EXPECT

This is a four-day intensive, interactive seminar that includes individual and partner exercises. The training runs 8 hours per day, with extensive evening homework.

Each participant brings a "stuck area" that he or she desires to work on during the week. We are most effective as helpers when we practice vulnerability and are actively seeking healing for our own issues.

In the training, you'll learn effective problem-solving techniques built around a comprehensive, ten-process client workbook and step-by-step counselor's guide. You will also become eligible for the Genesis Process Certification, after completing two client case studies.
