Rethinking Conservation Together

October 23, 2025 | 8:00AM - 12:00PM

Hauberg Estate | Rock Island, IL

BREAK OUT SESSIONS

GREEN CITY CHAMPIONS: MUNICIPAL PARTNERSHIPS FOR ENVIRONMENTAL SOLUTIONS

Highlighting partnerships between organizations and city leaders that are transforming urban landscapes and driving sustainable change in the QC community.

COMMUNITY-POWERED CONSERVATION: CITIZEN SCIENCE IN ACTION

Local coordinators share how citizen science engages volunteers, strengthens data quality, and advances conservation.

GROWING TOMORROW: HOW YOUNG VOICES AND DIVERSE COMMUNITIES ARE TRANSFORMING LOCAL LANDSCAPES

This panel explores how grassroots programs engage youth and schools in ecological restoration through native prairies, urban tree planting, and nature-based solutions.

HAUBERG ESTATE TOUR

Take a guided tour of Rock Island's historic Hauberg Estate, featuring its Tudor Revival mansion, gardens, and rich local history.

Join local conservation leaders, community organizations, and passionate individuals as we explore innovative ways to protect and restore our natural spaces together. This engaging event will showcase how Quad Cities residents are breaking down barriers and forming unexpected partnerships to tackle environmental challenges—from urban tree planting initiatives, transforming public spaces into pollinator havens to facilitating community citizen science opportunities.
