

HEALSTONE BIOTECH INC.

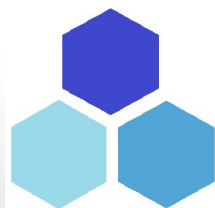

Product Information: Recombinant human cardiac Troponin I (cTnI)

Catalogue No.	RPT-HS-008
General Description	Recombinant human cardiac Troponin I (cTnI)
Usage	Calibrator or standard in Immunoassay, immunogen
Product Description	
Source	<i>Escherichia coli</i>
Molecular weight	32.1 kDa
Protein Sequence	human cardiac TnI (1-210 aa TNNI3) contains fusion protein at the N-terminus, and His-tag at the C-terminus
pI	9.43
Purity	> 95 % (SDS-PAGE)
Form	Sterile filtered colorless liquid
Storage	Short term: 4°C, long term: -18°C
Buffer	10 mM Tris, pH8.0, containing 2M Urea and 0.01% Sodium Azide

Please avoid freeze thaw cycles.

Notes:

- Centrifuge tube to remove product from lid.
- For research use only.
- Not all listed applications have been specifically tested by our laboratory.
- Shipped with ice packs.
