

## **Bear Valley CC Wins Best of Desert Award!**

### **Clubhouse Earns Second Place as Best Wedding Site**

Last Saturday night, The Daily Press held its awards dinner for the Best of the Desert Awards. The Daily Press recognizes key retailers, companies, and individuals throughout the high desert. Darnell Crowder, Clubhouse Manager, was in attendance and accepted both awards for the club. "I am very proud to represent the new Bear Valley," he said afterwards. "These awards are confirmation of all our hard work and how far we've come this year. However, we've only just begun as we have many more improvements slated for 2023. The clubhouse will be getting new flooring and a renovated grill room. We are also continuing our golf course renovation, restoring it to the original Robert Trent Jones design, with a nod to the future and modern-day golf. The club is working with Robert Trent Jones himself to ensure its classic design is kept today and for the years to come."
