

MY VISIT TO FALCONFEST SUMMER NIGHT LIGHTS

I am going to a fun event called **FalconFest Summer Night Lights** at Danvers High School

There will be music and dancing. It might be loud.

I can wear headphones or earplugs or move to a quieter spot.

I might see a clown or a magician doing tricks.

I can watch or just wave. I don't have to join if I don't want to.

There will be food trucks selling different kinds of food.

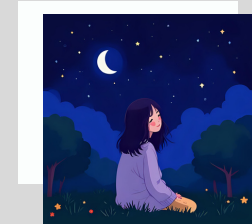

I can try something or bring my own snacks

At the end, there will be fireworks. Fireworks are colorful, bright, and make loud noises.

If it's too loud, I can cover my ears, wear headphones, ear plugs, or move farther away. If I don't want to watch I can take a break in a quiet space.

I can stay with my family or the people I came with.

If I need help or a break, I can visit the sensory tent for a calm space.
