GIANT 'F' KEY

We will have a live interactive setup where people would need to jump on a giant F key to begin.

Once they have started, they will be presented with multiple Fanta bottles and a large of the bottles made into a random structure.

The objective is to create a structure with the Fanta bottles within a designated time limit. Once you complete the task you will be presented with an exclusive Fanta "F" key that you can put into your keyboard and Fanta products as well as an exclusive Fanta skin you can claim in Fortnite.
