

ONE NATION OVER GOD

ONE NATION OVER GOD

Global Pandemic, Riots, Censorship, Economic Upheaval... Sounds like the plot for a fictional novel. Every good politician knows that you never let a crisis go to waste. Which is why they use them as a platform to challenge, impede or blatantly tread on our rights, freedoms and the constitution itself. To be clear, this is not a political film. This documentary is meant to educate Americans and hopefully encourage open dialog and debate about what is good, true and beautiful. There has never been a more monumental moment in our lifetime to stand up for Godly principles and the ideals America was founded on.

ONE NATION OVER GOD

JOSHUA 4:6-7

Why use monuments to tell this story? Let's look to the Bible for the answer. God had his people set up monuments multiple times throughout scripture. Take Joshua chapter 4, for example. In the first several verses God tells Joshua to take 12 stones and set them up at Gilgal. Verse 6-7 says, "[The stones] will be a sign among you. In the future your children will ask you, 'What do these rocks mean?' Tell them the water stopped flowing in the Jordan when the Ark of the Agreement with the Lord crossed the river. These rocks will always remind the Israelites of this."

ONE NATION OVER GOD

ACT I : **NEW YORK CITY**

New York, New York... if we can make it there, we'll make it anywhere! Our film begins in this once great city. We'll explore our first monument, one that everyone knows and loves as a symbol for our country and for freedom: The Statue of Liberty. We'll talk about the history behind "Lady Liberty" and Ellis Island.

We will discover stories of the oldest living immigrants and about how they viewed America and why they came. We explore the fact that they were happy just to be a part of the great American experiment and did not take offense to our Christian heritage. They loved America, supported her and even gave their own lives for what America stood for - true freedom.

ONE NATION OVER GOD

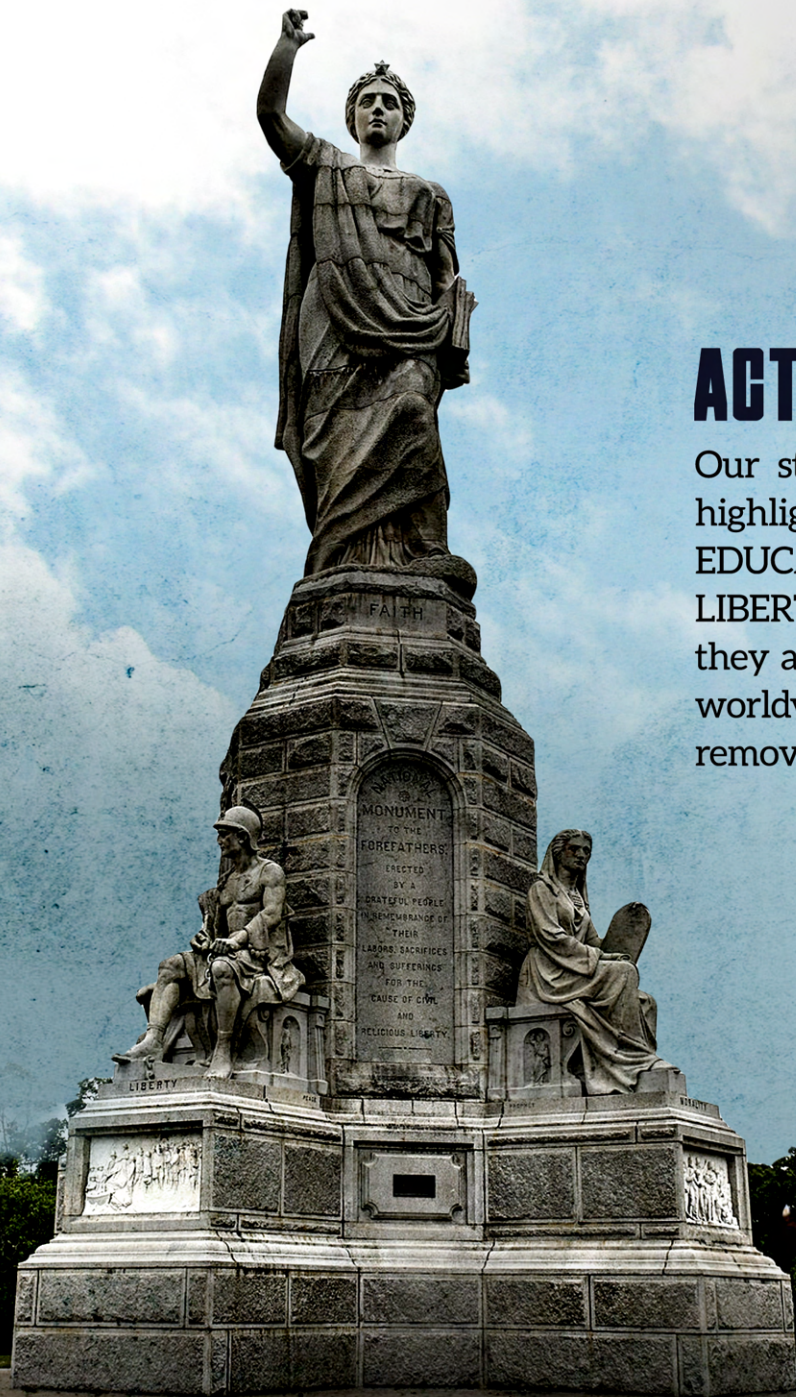

They're tearing down our monuments! Why? So they can rewrite history. Some are even trying to usher in socialism and marxism. It's not just religious freedom that is under attack - all our freedoms are: Economic freedom, freedom of speech, the right to bear arms, the right to life, liberty, and the pursuit of happiness are also in jeopardy.

ONE NATION OVER GOD

ACT II : PLYMOUTH

Our story comes to life as we work our way backwards on the Forefather's Monument. First highlighting the sub-statue, LIBERTY. Working our way around to the three other sub-statues - EDUCATION, LAW, MORALITY and finally the main statue, FAITH....we'll explore how we are losing LIBERTY because we have let our government take over and EDUCATE our children. Simultaneously, they are restructuring our LAWS and disregarding the Constitution in the process. They base their worldview on a corrupt MORALITY, all while systematically trying to rid us of our FAITH by removing any mention of God in the public sector.

ONE NATION OVER GOD

Over 100 years of civil rights advancements we have made against racism as a country are being systematically undone. Many don't even know about the heroic stories of black patriots fighting against tyranny in the Revolutionary War and beyond. We will explore several Black history monuments in America. The core values of which our great Nation was founded are being completely ravished. If history and our liberties are ignored, removed or suppressed, what does the future look like for our children and their children?

ONE NATION OVER GOD

ACT III : WASHINGTON DC

Our final stop is in Washington D.C. to consider the monuments of freedom in the political center of our country, only to discover that the government and media is involved in a systematic cover-up of the influence of God on the foundation of this great Republic. The Washington Monument, the Capitol, the Supreme Court, and the Senate of the United States, are just some examples of locations we will examine.

With such experts as Marshall Foster, Os Guinness, and Stephen McDowell, among others, we'll discuss how there is an attempt to rewrite our history, force it into the education system and indoctrinate our children and young people in the process.

ONE NATION OVER GOD

With cameras rolling, we will gather to sing "God Bless America" at the Lincoln Memorial, where in 2010 a group of students were stopped and told that they were not aloud to sing that song in public. Then through a montage of events, we will illustrate how God is being removed from the public sector in startling ways, regardless of public outrage. The "God purge" is real, and there is no shortage of examples. God is being removed in the name of "inclusion", when all the while Christianity is being excluded. This agenda is being advanced by using "the feelings of the few" as a platform. But what about the feelings of the majority? An America without God is not America!

ONE NATION OVER GOD

“

What truly made America great?
Is our freedom sustainable? Are
Christians pushing their agenda on
America or is secularism pushing its
agenda on Christians? Are we “One
Nation Under God” or “Over God?”

”

ONE NATION OVER GOD

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one Nation under God, indivisible, with liberty and justice for all."
