## **Rotary Club of Wailuku to Host Aloha FurEver Pets Foundation Presentation on Affordable Spay and Neuter Services**

**WAILUKU, Maui** — The Rotary Club of Wailuku welcomes Wendy Hornack, founder of Aloha FurEver Pets Foundation (AFPF), for a special presentation on affordable spay and neuter solutions for Maui's dogs and cats. The event will take place on **November 6th from 12:00p.m. — 1:00p.m. at 130 Market St. in Wailuku.**

Maui continues to face an urgent animal overpopulation crisis. With limited shelter space and growing number of homeless pets, AFPF is stepping forward to be part of the solution through accessible veterinary care, community education, and compassionate outreach.

“Every animal deserves a chance at a healthy, loving life — and that responsibility starts with prevention,” said Hornack.

Founded on the values of *aloha* and *kuleana* (responsibility), AFPF’s mission is to reduce pet overpopulation on Maui by offering humane, affordable spay and neuter services. The organization also emphasizes the cultural importance of treating animals as ‘*ohana*, protecting the deep bond between pets and people.

AFPF expects to open its doors in early 2026 and will focus on providing practical support and education to pet owners across the island.
