

hansgrohe. Your Kitchen Partner.

Your Partner for the Complete Kitchen.

A thoughtfully expanded kitchen portfolio designed to work together seamlessly.

hansgrohe brings faucets and complementary solutions into one cohesive kitchen offering, enabling consistent design and confident planning across the entire space.

With seven finishes and a versatile design language ranging from transitional to modern, the portfolio complements a wide variety of kitchen styles while maintaining a harmonious look.

One partner. Every kitchen need.

Marketing Strategy - Your Kitchen Partner

hangrohe

- **Establish hangrohe as a relevant and trusted kitchen partner** by positioning the brand beyond single products and towards a complete kitchen solution.
- **Strengthen brand relevance in the U.S. kitchen market** through a cohesive kitchen story that brings design, quality and comfort together.
- **Build confidence in hangrohe as a long-term kitchen choice** by highlighting consistent quality, coordinated design and seven finishes across the portfolio.

Talis N U-Style

New!

Precision in its purest form.

With its distinctive U-shaped design, the Talis N U-Style brings clarity and comfort to daily kitchen routines.

Ergonomic proportions, smooth movement and intuitive handling make everyday tasks feel effortless.

The integrated pull-out spray adds flexibility exactly where it's needed, supporting a wide range of kitchen tasks with ease. Built on proven hansgrohe quality, it delivers dependable performance over time.

Talis N U-Style – Product Benefit & Features

hansgrohe

Distinctive Design

A contemporary silhouette that elevates the kitchen while offering exceptional clearance for oversized cookware.

Flexible and Functional

Adjustable swivel range up to four settings: 60°, 110°, 150°, or 360° for effortless reach around the sink.

Pull-down with Extended Reach

Pull-down hose extends up to 19 5/8" for added flexibility and control.

MagFit Secure Docking

MagFit magnetic sprayhead docking ensures smooth, precise retraction every time

Dual Spray Performance

Choose between an aerated spray for everyday tasks and a powerful shower spray for heavier cleaning.

Water-Efficient Flow

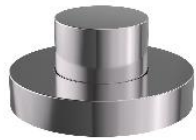

Optimized 1.75 GPM flow rate balances strong performance with responsible water use.
