

HydraOne™

5-in-1 Water System

HydraOne™ is the most advanced 5-in-1 water system designed for modern living. From a single faucet, you'll enjoy instant access to sparkling, chilled, filtered, hot, and tap water - all with a seamless interface and luxury finish options. Whether crafting cocktails at the bar or preparing dinner in the kitchen, HydraOne™ transforms hydration into an elevated, intuitive experience.

Regular Tap Water | Filtered Instant Hot Water (with Child Lock) | Filtered Ambient Water | Filtered Chilled Water | Filtered Sparkling Water
