

# Paladin Tower Tactics Hosting Requirements

Please read this document thoroughly. For training to be conducted on your range the minimum specifications must be present for this training event:

## Range Requirements:

- A flat range that has the following minimum dimensions:
  - o A safe backstop at least 12 feet high capable of stopping rifle rounds
  - o 25 meters wide
  - o 25 meters long if a pistol course, and 100 meters for a rifle course
  - o The surface must be level, clear of debris, and well mowed (if grass)
- Equipment on hand- please coordinate with me in advance. Most likely I will bring all of this with me.
  - o A first aid kit containing medical supplies to treat a gunshot wound to include a minimum of 2 tourniquets, 4 chest seals, and 2 packages of combat gauze
  - o Must have at least 25 cardboard IPSC targets available for training
  - o Staple gun with appropriate staples
  - o Spray paint of various colors
  - o 10 Target stands that can hold (2) 1"x2" wood sticks that are 5 feet tall (20 total sticks)
  - o 2 serviceable (meaning not pock marked) steel targets that are silhouette types
  - o Barricades if the training calls for them (barrels, V-tacs, vehicles, or makeshift walls will work)

## Hosting Expectations

- Hosting a trainer can be labor intensive. Because of this you will be given 1 free slot to the training. As the host you are expected to fill the class to the minimum number of students. You know the shooters in your area, I do not. I rarely fill courses through social media or advertisement; it's all word of mouth. Once you have a group of students interested in taking the course it is much easier to meet the minimum for me to travel to you.
- Minimum number for out of State training is 10 students
- Minimum number for in State training is 5 students
- Facility fees are expected to be covered by the host (if the course will be held on a public range)

## Tuition

- Tuition for an 8-hour course is 315 dollars per student
- Tuition for a 16-hour course is 550 dollars per student
- Custom/private classes are charged on a case-by-case basis
- Tuition for the minimum number of students must be paid at least 1 month prior to the date of training
- If we do not have the minimum amount of students, we will have to cancel class and issue a refund
- Tuition is non-refundable, unless the instructor determines it is necessary in the event he cancels class. Students may "sell" their slot to someone else if they cannot attend training. Please notify me if this happens.

Please email Scott Willey at [paladintowertactics@gmail.com](mailto:paladintowertactics@gmail.com) with your questions.
