

Frontiers in Drug Delivery
Engineering Precision and Innovation
April 18, 10 AM – 12 PM UTC

CRS Local Chapter
WEBINARS
2024

@Nordic CRS

10:00-10:40 UTC

Moderator: Prof. Anette Müllertz

Dr. Madlen Hubert
Uppsala University

"Intestinal organoids: a clinically relevant screening tool for advanced drug delivery systems"

@BNLF CRS

10:40-11:20 UTC

Moderator: Prof. Giovanna Lollo

Dr. Sabrina Oliveira
Utrecht University

"Nanobodies in targeted cancer therapies"

@Israel CRS

11:20-11:50 UTC

Moderator: Prof. Ayelet David

Asst. Prof. Shady Farah
Technion Israel Institute of Technology

"Engineering crystals for drug delivery: from concept to applications"

PhD cand. Matteo Tollemeto
Technical University of Denmark

"Smart polymersomes: pH-responsive nanocarriers for improved intestinal delivery of immunosuppressants"

Dr. Laurianne Simon
Montpellier University

"Associating poly(oxazoline)s with lipids to design effective drug delivery systems"
