

## 2<sup>nd</sup> BeNeLux & France CRS Local Chapter Meeting, 15-16<sup>th</sup> October 2025 Leiden, The Netherlands

**Wednesday 15<sup>th</sup> October, 2025**

**12:00-13:00 Registration**

13:00-13:15      Opening session: CRS BeNeLux France: opening, overview of activities

13:15-13:45      **Invited Speaker – Raymond Schiffelers**, *University Medical Center Utrecht, The Netherlands*  
*A synthetic delivery system for in vivo CAR T cell engineering with DNA*

13:45-14:30      Early career scientist oral communications

**14:30-15:30      Coffee break, Poster viewing and Networking**

15:30-16:00      **Invited Speaker – Géraldine Piel**, *University of Liege, Belgium*  
*Advancing Lipid Nanoparticle Platforms: Replacing PEG for Enhanced Safety and Delivery Efficiency*

16:00-17:00      Early career scientist oral communications

17:00-17:20      **Gold sponsor presentation:      Phospholipid Research Center**  
*Simon Drescher & Naomi Benne*

17:20-17:50      **Invited Speaker –Anuja Lipsa**, *Luxembourg Institute of Health, Luxembourg*  
*Functional Precision Medicine in High-Grade Glioma: Harnessing Patient-Derived Platforms for High-Throughput Drug Screening and Personalized Therapeutic Strategies*

17:50-18:10      **Gold sponsor presentation:      Malvern Panalytical**  
18:10-18:20      Silver sponsor lightning talks:      Sparta Biodiscovery & ChemSPX

**18:10-20:00      Reception hosted by the Congress**

Thursday 16<sup>th</sup> October, 2025

8:30-9:00 Registration

09:00-09:30 **Invited Speaker – Elias Fattal**, *University of Paris-Saclay, France*  
*Harnessing nanoparticles for effective treatment of inflammatory diseases*

09:30-10:30 Early career scientist oral communications

10:30-11:00 **Coffee break, Poster viewing and Networking**

11:00-11:30 **Gold Sponsor presentation – NanoFCM**  
Silver sponsor lightning talks: Tebubio & Nanoscale Metrix

11:30-12:30 Early career scientist oral communications: 4 best-scored abstracts

12:30 -14:00 **Lunch, Poster viewing and Networking**

14:00-14:30 **Invited Speaker – Anne Moore**, *University College Cork, Ireland*  
*Fourteen million COVID-19 deaths averted but 13 million zero dose children. Immuno-pharmaceutical approaches to addressing vaccine accessibility.*

14:30-15:30 Early career scientist oral communications: 4 best-scored abstracts

15:30-16:00 **Coffee break, Poster viewing and Networking**

16:00-16:30 **Invited Speaker – Sylvestre Bonnet**, *University of Leiden, The Netherlands*
