

Short-Term Fellowships

Short-Term Fellowships fund **research exchanges of up to three months between laboratories** in eligible countries. The aim is to facilitate valuable collaborations with research groups applying techniques that are unavailable in the applicant's laboratory. Short-Term Fellowships are not awarded for exchanges between two laboratories within the same country. **Short-Term Fellowships are intended for joint research work rather than consultations.** The fellowships cover travel plus subsistence of the fellow only and not of dependents.

- Applicants must be active researchers at any stage in their career with a minimum of one year of research experience at the PhD-student level.
- EMBO Short-Term Fellowships are awarded for **research exchanges between laboratories in EMBC Member States, Associated Member States or Cooperation Partners.** EMBO Short-Term Fellowships are not awarded for exchanges between two laboratories within the same country.
- During 2017, applications for research exchanges involving Chile and one of the EMBC Member States or Cooperation Partners will exceptionally be considered.
- Only in exceptional cases will EMBO Short-Term fellowships be awarded for research visits outside the countries listed above. For such cases, it is essential that a justification be provided why there is no appropriate expertise or technology in EMBC Member States, Associated Member States or Cooperation Partners.
- Applications from outside EMBC Member States, Associated Member States or Cooperation Partners will not be considered.
- **Applications for the exclusive purpose of training in a technique rather than as a component of a wider research project, will not be considered for funding.**
- EMBO does not consider applications for Short-Term Fellowships to prolong visits begun under other auspices, or as bridging fellowships between, or prior to, long term stays funded by EMBO or other organizations.
- **Applications for fellowships to attend courses, workshops, or symposia will not be considered.**

There is no deadline for applications, however it is recommended to apply three months before the proposed starting date. Applications received or completed only after the start of the visit will not be considered.

The application process is handled via the [online application system](#).

Applications and supporting documentation (two references, receiving institute acceptance) are only accepted via the online application system.

Please read the [Short-Term Fellowships guidelines for applicants](#) before applying online.
