minerals: pure, clear, dazzling diamond. The floor, the ceiling of  
ankles in diamond pebbles. If the famous Jonkers' diamond had been tossed on the  
diamond boulders and mines, it would have been as impossible to find a grain of salt in a bag of  
brilliant floor of the Kraków mines, ready to be gar. This was diamond in its purest state, ready to be  
gar. This was diamond in its purest state, ready to be gar. This was diamond in its purest state, ready to be  
; pure crystallized carbon unblemished by any for or impurities.  
or impurities. was naturally dumbfounded. I had read pictures of the famous salt  
ves of P
