

## RESOURCEFUL BUSINESS GATEWAY LLC

### QUALITY POLICY GUIDE

*RBG specializes in providing technically advanced drilling and associated services to the oil & gas industry. The nature of Company activities requires a high degree of expertise, experience and reliability with an overall emphasis on performing these services with the highest degree of safety possible.*

*RBG's prime objective is to consistently provide its services in a manner that conforms to contractual and regulatory requirements.*

*To achieve this objective, it is the policy of the Company to establish, document and maintain an efficient and effective quality assurance program in accordance with international standards. Conformance of work to contractual and regulatory requirements, particularly those regarding safety, shall be verified on the basis of objective evidence of quality.*

*Compliance with RBG's quality assurance program is mandatory for all Company personnel at all levels of the organization.*

*The RBG Quality Assurance Manual, documented procedures, and the systems outlined therein, describes how the quality assurance program of the Company is designed to ensure that all quality and regulatory requirements are recognized, and that a consistent and uniform control of these requirements is achieved. The quality assurance manual also defines how effective control is established.*

*The RBG Managing Director has overall and final responsibility for the attainment of the Company's quality policy objectives and Line Managers are responsible for ensuring that the policy is implemented and maintained.*
