

Summary: Tips

- Make sure that your summary is a SHORT RETELLING of the story not a word for word retelling!
- One paragraph or 5 sentences is usually a good length for a summary.
 - The length of your summary depends on what your teacher says.
 - Sometimes your teacher will want a 2 sentence summary and other times a 1 page summary.
 - Whatever the length is, YOU CAN DO IT! Just make sure to follow the step by step rules and guidelines for the best summary!
- Try to focus on main events/characters and not small details of the story.
