### Participants will be supported with

- Food and drinks to sustain our energy
- A 'thank you' gift card to support your involvement

To ensure a healthy and equitable water future for all, California needs inclusive water planning tools.

This free workshop for Native American Tribes will focus on California's Bay-Delta waterways from sources and headwaters to rivers, creeks, and the ocean.

**ECOCULTURAL MAP**  
created by participants  
from past COEQWAL  
workshops
