

Building Your Future at Wasaga Walk!

Find the Right Fit

Choose the home style that best matches your lifestyle, needs, and future plans.

What this will involve:

Townhomes

- Lower maintenance lifestyle
- Great option for first-time buyers or downsizers
- Often a more affordable entry point into homeownership
- Efficient layouts that maximize living space
- Ideal for busy lifestyles with less outdoor upkeep

Detached Homes

- More privacy and separation from neighbours
- Larger yards and outdoor living space
- More room for growing families
- Additional storage and parking opportunities
- Greater flexibility for future renovations or additions

Pick Your Favourite Floorplan

Open-concept living? Extra bedrooms?
Main-floor primary suite? Select a
layout that feels like home.

What this will involve:

- Deciding on the number of bedrooms and bathrooms
- Comparing open-concept and traditional layouts
- Considering work-from-home or guest space needs
- Reviewing square footage options
- Looking at available model homes and renderings

Choose Your Lot

Whether you prefer a quiet street, a corner lot, or extra backyard space, this is where your vision starts to take shape.

What this will involve:

- Choosing between interior, corner, or premium lots
- Considering backyard size and privacy
- Looking at proximity to parks, trails, and amenities
- Reviewing lot premiums (if applicable)
- Understanding future phases of the development

Personalize The Details

Select finishes, colours, and features that reflect your style and make the home uniquely yours.

What this will involve:

- Selecting cabinetry, flooring, and countertops
- Choosing paint colours and finishes
- Exploring available upgrade packages
- Reviewing appliance options (if applicable)
- Meeting with the builder's design team

Watch Your Home Come To Life!

From foundation to final touches, you'll get to see your future home take shape.

Enjoy everything Wasaga Walk has to offer, from nearby trails and beaches to local shops, restaurants, and year-round activities. 🌊

What this will involve:

- Receiving construction updates
- Monitoring major building milestones
- Attending pre-delivery inspections
- Learning about your home's features and systems
- Preparing for your move
