Dear MAAC Member,

Thank you for attending our November show. Attendance was brisk most of the day on Saturday and everyone seemed to be having a good show. We had about the same number of tables as the 2017 November show. Thank you to all table holders who have put new stock on their tables for sale. Many customers mentioned this to me and indicated the show was interesting and fun because there were lots of new things to look at and purchase. We hope your Friday set up went smoother than at the September show. The date for the September 2019 show has been changed so we will not have the same set up problem again. Thank you for your understanding and patience with the confusion.

Thanks to our recent display individuals: Mr. Bob Whiteaker for "British Military Weapons WWII"; Mr. and Mrs. James Cassell for "Iron Products made in Michigan from the U.P. Mines"; and Mr. Paul Breakey for "Grenade Launching Rifles". MAAC would like to thank you all for your enthusiastic discussion of the displays with the public. The February 2019 show will be featuring Tracie Hill with "The Thompson Automatic Machine Gun" display and Lt. Mike Kline from the Berrien County Sheriff's Office with "The St. Valentine's Day Massacre" display. Please pass the word. These are very popular displays.

## Board Notes:
