THE RHEINHESSEN

Estate Bottled

Germany's largest wine region, Rheinhessen, lies in a valley of gentle rolling hills. While vines are virtually a monoculture in the Rheingau or along the Mosel, they are but one of many crops that share the fertile soils of this region's vast farmlands. Wine has been grown here on the left bank of the Rhine since Roman times.

Varied soils and the favorable climate make it possible to grow many grape varieties, old and

new. Rheinhessen winegrowers produce modern, uncomplicated wines as well as top quality products.

The Climate is mild. The region is surrounded by protective hills and forests; in the west: the forested, hilly countryside; in the north: the Taunus Hills; in the east: the Oden Forest.
