MO-VELT

FROM ESTERHAZY ESTATE

GRÜNER VELTLINER

Mo-Velt is 100% Grüner Veltliner from Burgenland, grown predominately in limestone soil. Mo-Velt stands for “Mozart’s Veltliner”, as the artwork is an homage to Mozart on his 250th birthday. It is a live portrait by Adi Holzer.

Adi Holzer was born in Stockerau near Vienna in 1936 and finished his studies at the Akademie der bildenden Künste in Vienna in 1960. He is married to a Dane and has lived in Denmark since 1962.

He has strongly marked several churches, public buildings, and institutions in his commissions in Denmark, Germany, and Austria.

Holzer is very well founded as he expresses himself in paintings, glass mosaics, etching, lithography and silkscreen. A confrontation with Adi Holzer is a confrontation with a richly faceted, world-open artist, a confrontation that can bring the matter to mind and light into a dismal day.

CALIFORNIA

BAUER THIRTY5

In collaboration with Prescion Wine Company - Napa, California

Thirty5 is a tribute to 35 years of entrepreneurship. It is a wine created for those who are pioneers in their craft, lives, and community.

Thirty5 is proof that triumph is the result of patience and persistence through adversity. This wine was created to inspire and celebrate the journey of life. A wine made to cheers all the success, struggles, and courage.

Manfred Bauer started Wein-Bauer in 1980, in a foreign country, speaking a

foreign language determined to represent his family's winery and legacy in America. Through all the struggles Manfred never folded, saying to his mother, "I won't come home a loser." Manfred's customers supported him through the most difficult years, believing and trusting him.

We created Thirty5, six years ago, as an homage to our new home. Our first ever domestic project. From our family to yours, Prost!

"Our 2018 Cabernet Sauvignon opens with enticing aromas of dark fruit and cocoa. Blackberry, black licorice and oak flavors envelop the palate with hints of warm mulling spices and chocolate. Complex and powerful, this wine has a long, luxurious finish."

SJ MONTIGNY

A traditional winery with nature-oriented viticulture and modern cellar technology combined to create wines that express great originality and Terroir diversity. Our wines are as multifaceted as our vineyard sites: Bretzenheim, Bad Kreuznach, and Grebin.

Since 2009, our winery is at home in Bretzenheim, where our life and work are interconnected. If you want to produce wine with heart and soul, then these two things belong together. Most of our vineyards are just a stone's throw from our cellar.

We see each vineyard as an independent personality, which we treat with love and respect. We focus on the principles of nature-oriented viticulture. For us, the health of the soil is an essential factor, most importantly, the sustainable formation of humus, because vital vines can only prosper in healthy soil.

JOSEF DRATHEN

JOSEF DRATHEN

The Drathen winery has been in family possession for over 100 years whose forefathers originated from the Netherlands making their way to the Moselle via Linz on the Rhine River.

The Peter Josef Drathen winery was founded in 1860 with its home in St. Aldegund and was renamed in 1927 as the Josef Drathen winery through the settlement of the estate. On the death of the founder Josef Drathen in 1939 the winery was run by his widow Else, her niece Grete Gesthüsen with her husband Hugo until 1969.

On 1 July 1969, the next generation represented by Arthur Gesthüsen, Dieter Gesthüsen, and Josef Zirwes took over and successfully ran the business for about 30 years. By using careful business policies it was possible to

open a completely new and modern wine-making facility in the business park on Zell-Barl in 1993.

Since 1996 the management of the business has been in the hands of the younger generation of the family represented by Tim Gesthüsen and Jürgen Zirwes.

SCHLOSS KOBLENZ

JOSEF DRATHEN

BLAUFRANKISCH Kunsagi, Hungary

The grape flourishes in continental climate where hot summers and long, sunny autumn days offer ideal conditions for the buds to flower and ripen into the blue/purple bunches while on the vine. Our Blaufrankisch hails from the Kunsagi area of Hungary, found on the Alföld (great Hungarian plain) with its sun-drenched soils, the perfect vineyard area for this sweet, quaffable red wine. Some critics agree that Blaufränkisch shares similar tasting notes to that of the regal French varietal, Gamay (think Beaujolais) with which it has sometimes been confused. Both grapes craft a light to medium body wine of complex, slightly-ageable qualities.

BUDAHERZ “The Heart of Budapest”

Blaufränkisch- Low in tannins with a pronounced spicy character. Rich fruity flavors of wild blackberries and raspberries.

SCHLOSS KOBLENZ “The Castle of Koblenz”

Blaufränkisch- Delicate in scent this has aromas of bright cherry and violet. This semisweet blaufränkisch bursts on the palate with fresh red-cherry and strawberry flavors. Juicy and cheerful, it finishes with a hint of caramelized sugar.

PETER FREIMUTH

Pincebor Blaufränkisch- Light to medium body with cherry and ripe fig aromas. Hearty sweet wine flavors round out a velvety palate with supple tannins.

DONAUSONNE “The Sun of the Danube River”

Blaufränkisch- This is a fruity, jammy wine with light mineral notes for balance.

ITALY

TRE FRATELLI

STORY

Tre Fratelli means “Three Brothers” and the label represents the three hillsides in Veneto where the grapes are grown. Tre Fratelli wines symbolize the finest traditions of Italian wine-making.

TASTING NOTES

A lively, dry, and crisp white wine, this grape variety has become the most popular choice for grilled seafood, poultry, and veal dishes in white sauce. The honey-pear, apple, and citrus flavors will invigorate your palate; the mellow finish with a hint of white pepper spice adds to its refreshing quality.

VINEYARD NOTES

Tre Fratelli is sourced from three hillside vineyards in the Veneto region of northeast Italy, the heartland of Pinot Grigio production. Hillside vineyards grant extra exposure to both sunshine and breezes that ensure healthy vines and grapes.

VINIFICATION

After harvest, the grapes are de-stemmed, crushed, and fermented. Temperature-controlled stainless steel vats are used to preserve the wine's fruit-forward, fresh and clean flavors.
