

## THE GENESIS

### 2020 SAUVIGNON BLANC

#### Varietals

100% Sauvignon Blanc

#### Region

Elgin, South Africa

#### Vineyards

Grown in the cool Elgin Valley on a combination of sandstone and deep clay soils.

#### Winemakers Notes: *Catherine Marshall*

This dry white wine introduces a crisp, nettle (grassy) top note. A light minerality becomes infused with lime, white peach, tropical papaya and a touch of passion fruit. A complex, yet well-balanced wine, finishing very fresh and clean with a bit of pink grapefruit.

#### Pairings

This wine drinks wonderfully on its own but will complement most fish and other light dishes. The acid and clean mouthfeel work wonderfully with spicy foods making it a go-to wine! Best served near 10°C/50°F

#### Accolades

2015 Vintage - Drinks Business Masters Series Silver medal

2019 Vintage - London Wine Competition Silver Winner 2020

#### Analysis

Alc.14.0, pH 3.24, RS 2.7g/l, TA 6.4g/l/F
