

DAVID GÖLLES

The Gölles family has been cultivating orchards in the sunny hill country around Austria's Riegersburg Castle for four generations. Since the beginning of the 1980s, they have specialized in manufacturing fine vinegars and premium spirits by hand. Particular emphasis is placed on the use of only the highest quality ingredients, because only the naturally delicious taste of flawless, sun-ripened fruits or excellent wines is a suitable basis for producing dense and robust schnapps.

David Gölles and the house of whiskey, gin & rum stand for the next generation at Gölles. The next chapter in the history of Styrian spirits. New ways, new ideas, new products and new tastes. A piece of homeland and love for the region in which we are allowed to manufacture and mature our distillates. Anyone who visits David Gölles and Katharina Fleck in their house of whiskey, gin & rum immerses themselves in a world full of exciting, high-proof stories. Because each of the more than 700 barrels currently stored in the renovated inn in Riegersburg is its own exciting chapter in the exciting history of Styrian spirits. Like a good and instructive but always entertaining book full of captivating paragraphs, the house of whiskey, gin and rum in Riegersburg opens up to its visitors and provides exclusive insights into the production and storage of whiskey, gin and rum.
