SPARKLING WINE

## *The Sparkling Wine*

---

Compagnie Française des Grands Vins CFGV was founded in 1909 further to the discovery by Eugène CHARMAT of the second natural fermentation in cuve. With over 100 years of history and know-how, Compagnie Française des Grands Vins is today the largest sparkling wines producer in France.

---

## *The Charmat Method*

---

This “Cuve Close” method was invented in 1907 by Eugène Charmat. Our sparkling wine is produced according to the Charmat process by second natural fermentation in cuve close. The base wines are carefully selected and treated before fermentation. Then they receive an addition of sugar and yeasts creating the formation of bubbles. After fermentation, the wines are filtered before bottling. The base wines chosen for the elaboration of our “Charmat Method” sparkling wine have been delicately chosen for their bouquet of freshness, thus guaranteeing the finesse of their aromas.
