

# PRIMER VINO DEL AÑO

Micro-region: **Lujan de Cuyo & Uco Valley**

Founded by Patricio Reich, with the collaboration of world-renowned winemaker Alberto Antonini, Bodega Renacer prides itself in bringing consumers the very best wines from South America's unique terroirs. The winery structure itself is quite impressive, featuring a medieval tower built of rocks with state-of-the-art winemaking equipment. In addition to Renacer's more than 35 hectares of Malbec vines, the winery also purchases grapes from local producers in order to take advantage of Mendoza's many terroirs — those in the Uco Valley, Lujan de Cuyo and Medrano.
