How To Purchase Our Products

We are not a typical online store.
Because our products are personalized, each product must be proofed by the customer.
We apply your text to the product and edit until it results in a functional carve.
We will send you a computer generated picture of what the product will look like.
This is when the customer can proof the product and reply that it is acceptable.
Spelling is the most common error.
After the customer has approved, we provide a link for payment and carve your sign .
We accept most major credit cards.

**Use our contacts page and let us know how we can help.
We need the following information.**
