Building a Recovery Legacy for Future Generations

ABOUT 208 RECOVERY NORTH

208 Recovery North is a 501(c)(3) nonprofit peer-led recovery community organization headquartered in Coeur d'Alene, Idaho. We serve Kootenai, Bonner, and Shoshone Counties through free, barrier-free peer recovery support services - no insurance required, no waitlist, no barriers. Our certified peer recovery coaches meet people where they are and walk alongside them on the path to healing and long-term wellness.

Founded in 2022, we have grown to serve more than 2,500 individuals and families annually. Our drop-in recovery community center is open seven days a week, staffed by people who have lived the experience of recovery themselves.

"We believe that recovery is possible for everyone. Our doors are open because someone kept a door open for us."
