

## The Commode™

**THE COMMODE** is a reinforced 5 gallon container suitable for the toughest user. Designed to hold 300 lbs for 12 hours The Commode comes complete with a screw down, airtight, water tight lid and soft, flexible seat...to cushion your tushion! The Commode is available in several ready to go combinations (Porta Quick Packs). Porta Quick Packs, listed below, provide flexibility and customization for virtually any user needs.

**DAILY RESTROOM KIT** part number BR901 is a complete, daily, WATERLESS, sanitation solution. Containing two Brief Relief liquid waste pouches and one Disposa-John solid waste pouch, the Daily Restroom kit is ideal for the user who needs to be on the move and may be away from the work yard or depot for the day. Please see the Brief Relief and Disposa-John datasheet for more product details.
