

Topaz Lake RV Park
120162 US Hwy 395
Topaz Lake, CA 96133

Text or Phone: (530) 495-2357

Topaz Lake RV Park is located on U.S. Hwy 395 a mere 3/10th's of a mile South of the California/Nevada border. Our main entrance, marked with a large sign, is directly across the highway from the California Agricultural Inspection Station.

Directions from the North: Hwy 395 is the main street through several Nevada towns North of Topaz Lake. We are located a short 70 miles South of Reno/Sparks, 35 miles South of Carson City, and 20 miles South of Gardnerville/Minden. Remember, you are on "Rural Time"... A mile a minute.

Directions from Lake Tahoe/West: Hwys 89, 207, or 50 are all nearby routes departing from Lake Tahoe with scenic 45 minute drive to Topaz Lake. If traveling from the Sacramento basin the best routes would be either Hwy 88 or 50 which drop you into Gardnerville and Carson City respectively. During more inclement weather, you usually can access Hwy 80 which will drop you into Reno. Avoid driving in your RV from the West on the steep and windy Monitor Pass, Hwy 89, out of Markleeville.

Directions from Southern California: Hwy 395 intersects with multiple highway and freeway systems in So.Cal. Nearly your entire trip will be on Hwy 395 North. Slow down & enjoy the majestic views as you enter the Sierra Nevada Mountain Range and Eastern Sierra Scenic Byway.
