Any special Ground Rules/Committee Request approved by the KPRA will be enforced by the KPRA, and corresponding fines will be assessed and collected by the KPRA.

CO-APPROVAL POLICY

1. The KPRA will co-approve rodeos on a one for one basis with other associations and will only be liable for entry fees, not fines, providing they honor our suspended list.
2. The Board of Directors of each association must approve the rodeos to be co-approved. Co-approvals must be scheduled a reasonable time prior to the rodeo.
3. A return check, on a KPRA member, issued at a co-approved rodeo, will be honored and paid if the check is received in the KPRA office within 30 days of the said rodeo.
4. Co-approved association members must provide entry secretary with current association number or will be charged a \$10 non-member fee.
5. At KPRA 1ST approved rodeos that are co-approved, co-approving association members may write checks ONLY if the co-approving association will honor said checks, or they are CASH ONLY.

6. There will be no more than 10 (ten) co-approved rodeos from each co-approved association during a rodeo season. These rodeos will be determined by the Board of Directors at a scheduled meeting. Any existing co-approved rodeos as of January 1, 2019 will be in a grandfather clause.

ENTRIES, ENTRY FEES & PRIZE MONEY

1. All necessary information for entering all KPRA approved rodeos will be published in the official KPRA paper and on the official KPRA web page. Information posted on the official website shall take precedence over what is listed in the publication. A phone number listed as rodeo turn-out number (TO) and an emergency phone number shall be listed along with the time and date books are open and must be advertised in at least one issue of the official paper, unless prior approval of the board.

2. No entry shall be taken before the books are officially open. Any rodeo secretary accepting entries before or during the time the books are open will be subject to fine or suspension. Non-members of the KPRA, or any association co-approved for that rodeo, will be charged a \$10 non-member fee. All rodeo entries for KPRA 1st approved rodeos shall be handled pursuant to the central entry guidelines, as set out on the official website.

a. If the KPRA calls a board meeting to be scheduled at a rodeo, board members will be given first entry rights.

3. KPRA members will be given priority over non-members. Members must be guaranteed a chance to enter each approved rodeo. Every effort will be made to get members in as requested. Co-approved association members will be treated the same as KPRA members.

4. NO Draw Outs will be allowed unless the office is notified of a medical emergency and a valid medical release is sent to the office within 7 days. A telephone number must be available for emergency draw outs. Failure to show without notifying proper persons will result in the necessity to pay all fees, plus the \$25 fine. If you cannot make it, and the stock contractor is notified not to draw stock for you, the turn out fine may be waived by the Board of Directors.

5. The committee and/or stock contractor may retain the privilege of filling all paid performances or slack entries and may use own discretion as to the number of contestants to fill each performance and when all slack entries will be run off. Once times have been set, they cannot be changed without prior notification to all members.

6. Slack will not be available until performance minimums are met. Minimums and maximums will be set by the stock contractors and/or committees.

7. At all KPRA rodeos, contestants' positions are to be drawn in all events, that draw being the order of competition in timed

events (team roping slack cattle are to be drawn to the positions, then the cattle may be chute ran and roped to the cattle). If a contestant competes in a slack or performance other than what they were drawn by the central entry, without a valid trade, they will be disqualified and fined a \$100, and must pay entry fees (see Entries, Entry Fees & Prize Money).

a. Stock is then to be drawn according to the positions starting at the top of the list (See General Timed Event Rule #17).

8. If the rodeo secretary is caught mishandling prize money or entry fees or falsifying rodeo records in any way, he/she will be disqualified from working all KPRA rodeos.

9. The rodeo secretary shall be responsible for emailing the results of the rodeo to the KPRA office within 24 hours of the completion of said rodeo. The 5% (see Rule 4 pg. 12) along with the complete packet, (including results, fines, balance sheet, turnouts, etc.), and a list of members not paying entry fees, must be postmarked within two (2) days from the date of the rodeo or a \$100 fine.

10. The rodeo secretary shall post a designated time for drawing of slack. All slack is to be drawn by at least one judge. Drawing must be done so that any contestant may witness the drawing if he desires. Results of the draw will be posted prior to 1 hour in advance of each performance. In the riding events 2 re-ride animals must be drawn for each performance and posted at the

same time. The contractor may choose 3 “feature” animals and make sure they go during the performance. Any animal in the riding event that is drawn but turned out will automatically go into re-ride pen as alternative for 3rd and 4th draw. In the timed events 2 animals must be drawn and put in the re-run pen in case an animal is crippled. If an animal is crippled, all stock must be competed on the 1st time before any is used the 2nd time.

11. ALL entry fees for one head of stock will be a minimum of \$85 (including stock charge, finals fund, judges, and central entry). Open and 40/40 Team Roping will be a minimum of \$250 a team\ \$125 per man (including all fees).

12. Members are to pay entry fees due to the rodeo secretary immediately upon arriving at the arena. Fees must be paid before the rodeo begins. A fee, minimum of \$5 may be assessed for failure to do so. No stock shall be given until entry fee is paid to the rodeo secretary. The rodeo secretary will be required to be at the arena at least 1 hour before the time of the performance to accept entry fee money and post the draw.

13. All pot fees will have a 5% withholding for KPRA sanction fees. This fee will exclude any added money. The fees of all KPRA members entered will be guaranteed by the association. The rodeo secretary is to take 5% the amount of the pot fee payout as if all had competed.

14. KPRA approved rodeo committees will divide the prize money among event winners in accordance with the rules of the

“Pay-off Section” of the KPRA rule book. If a committee wishes to split the prize money in some other manner, the prize money split should be posted on their rodeo bills and in the listings in the KPRA paper and on the official KPRA web page.

15. Payment of prize money must be paid by the secretary immediately following the completion of the last performance of the rodeo if not before. Prize money won by KPRA members that are not present to accept their pay may be sent to the KPRA office for distribution. The KPRA Secretary/Treasurer may pick up the prize money of any or all contestants in the event of controversy.

16. In case of no qualified rides, ground money will not be paid. Unpaid ground money to be split between stock contractor and KPRA office for finals fund in that event. The stock contractor is to keep his stock charge in this case. With one or more qualified rides, the entire purse will be paid out among those qualified. The committee may retain the added money if there are no qualified rides or runs.

17. Rodeo committees, which offer extra prizes to event winners and all-around champions, should award them in the same manner that KPRA championship awards are given. If they wish to use other means of awarding these extra prizes, the method used should be posted prior to the start of the rodeo.

18. In the case of a riding event receiving five or fewer entries, the stock contractor shall have the option of adding another

round for that event. The second round will be optional and open only to the contestants competing in the first go-round. Entries for the additional round are not to exceed \$50, including \$10 stock charge. The remainder of the entry fees shall be placed into the pot. If another event fails to receive enough contestants for a contest, the added money from that event can be used, with committee approval, for the additional round. Each round shall be paid individually. Winnings from an additional rough stock round shall count toward year end event standings but not toward all-around cowboy or rookie standings. All entry fees will have a 5% withholding for KPRA sanction fees.

a. If a stock contractor provides timed event stock at 1st approved KPRA rodeos the stock charge will be as follows: Stock provided will be at least 1/3 of total entries or equal to the largest performance and stock charge will be \$15/run.

livestock drawn for each go-round. When enough contestants do not receive a score or time, as the case may be, on all stock drawn for them equal to the number of places to be paid, revert to those contestants not already placing in the average who have competed in every go-round and who have the highest total score, or the fastest total time, on one less head of livestock than the number of go-rounds. This process shall be repeated until the number of contestants eligible for the payoff equals the number of average placings. If a contestant competes in all go-rounds but fails to receive a score or time, as the case may be, in one go-round, he shall not be eligible for the payoff in the average, unless no contestant has received a score or time, in which case the money shall be divided among all contestants who competed on all stock drawn for them. This money shall not count for Championship Points but instead will be ground money.

RODEO JUDGES, JUDGING & TIMEKEEPERS

1. The stock contractor and/or rodeo committee is responsible for hiring reliable personnel. Judges must have a non-contesting KPRA membership card prior to the start of rodeo being worked. All other personnel are only required to own a membership card if they choose to apply for the year-end finals.

2. There will be 2 timekeepers at every performance of a KPRA approved rodeo. They shall not be changed except in the event of injury, emergency, or incompetence. In the event a timer must be changed, it will be with approval of judges and stock contractor. The person who starts timing the rough stock event must be the

one to time throughout the entire event at all performances. Timers may trade off in the different events. Two watches must be used at all times. One timer will be the primary (head) timer and the second timer will be the backup timer. If the times differ by more than 4 tenths of a second, the fastest time must be used. They must be competent and approved by the rodeo stock contractor. It is required that an electric timer be used in the barrel race and it must be backed up by at least one timekeeper.

3. It is the responsibility of each stock contractor to get the timer to the rodeo. The judge is then responsible for setting the barrel and timer stakes and for setting the electronic timing devices for each performance and slack.

4. In the event KPRA has received a legitimate complaint against a judge's work, a petition with at least 5 signatures by KPRA members in good standing must be filed at the KPRA office. This could result in an immediate suspension and/or loss of the \$3 contestant fund to be paid to the KPRA Operating/General Fund, to be handled by the KPRA board. Any judge that is petitioned against will be handled by the board, and the board will decide if he will be required to attend the next scheduled judges' seminar before judging again.

5. Every KPRA rodeo will require 2 judges to work all events. Judges must be approved by the KPRA Judging Director and must have their KPRA membership bought prior to judging. A judge may compete in a timed event with a replacement barrier judge for the entire rodeo in that event. He shall not draw stock for that event.

a. Judges must judge 2 KPRA first approved rodeos to judge at Finals.

b. A KPRA judge is required to attend once every three years, before judging a KPRA rodeo, including clinics and attendance of clinics as of January 1, 2017.

7. Decision of judges, flagman and timers shall be final if in accordance with KPRA rules. In all cases of dispute, the rodeo performance will continue without delay under existing rules of the KPRA and the matter of dispute shall be settled by the rodeo judges, stock contractors, board members and spokesman present at a time which will cause no further delay of the rodeo.

a. If a decision is not able to be made, the judge's decision is final.

8. Any judge's ruling which is NOT in compliance with the rules of the KPRA should be dealt with by the event director, if present, or a spokesman from the event elected to do so at the time immediately if the decision will have an immediate effect on the outcome of the event, or immediately following the event, or performance, if possible.

9. Once judging sheets are handed in to the rodeo secretary when the event is finished, the contestant's score or time is final.

10. Judges scores on each ride and times in the timed events should be relayed to the rodeo announcer so that those scores and times may be made available to the rodeo audience immediately after the ride or run. It is the responsibility of the rodeo committee and announcer to see that these scores are posted as mentioned here.

11. If, in the opinion of the judges, a rider makes two honest efforts to compete on an animal and is unable to do so, he shall have a re-ride animal drawn for him.

12. Anytime a contestant is fouled in any riding event, he must declare himself or take that score. Anytime a timed event contestant is fouled, he must declare himself immediately when fouled or take his time. To declare himself means to make no further attempt to make a qualified ride or run.

13. In all events, all equipment which is used by contestant is his responsibility and there will not be a re-ride or re-run because of his faulty equipment; borrowed equipment is accepted as contestants own.

14. Re-runs in the barrel race will be made immediately following the final contestant's run or immediately following the rodeo whichever is more appropriate for the contestant. All other

re-runs and re-rides will be run at the convenience of the stock contractor.

15. Judges will award re-rides at their own discretion. The rider will have the option to take the re-ride or the score received from the judges. The judges must notify the rodeo secretary that a re-ride or re-run is in order before the next contestant competes. This is mandatory.

GENERAL RIDING EVENT RULES

1. Judges marking in riding events are to be from 1 to 25 for the rider and 1 to 25 for the animal, making a possible score of 50 total from each side, thus making the highest possible score 100. If rider takes the same animal back, he must take the resulting marking.

In the riding events a “fall” will be considered as the following: an animal falling or stumbling to at least the animal’s front knees or slipping in the hind end where the animal’s hocks come in contact with the ground. The contestant may take the marking or have the option of taking a re-ride. Excluding Ranch Broncs.

13. If in the opinion of the judges, a rider makes two honest efforts on a chute-fighting animal and is unable to do so, he may have a re-ride drawn for him.

6. A barrier judge shall be on hand when an automatic barrier is used. The barrier judge will be the only person to place or supervise the placing of the barrier-breaking rope on each and every animal. He will also pass any decisions on faulty barrier. The barrier judge is responsible to change barrier string whenever it may have weakened or on the request of the next contestant.

7. A 10 second penalty will be added for breaking or beating barrier in timed events.
8. In all timed events, barrier will not be considered broken unless ring drops within 10 feet of the post.

10. Should barrier break at any point other than designated breaking point, decision is up to the barrier judge.
11. If contestant obviously beats barrier, but the staples are pulled or barrier rope is broken and string unbroken, barrier judge may assess a 10 second penalty. Otherwise, this will not be considered a broken barrier.
12. An automatic barrier must be used in all KPRA rodeos. No metal snaps may be used on neck ropes. Only neck ropes may be used as barriers, no trip alleys allowed.
 - a. Either, rubber bands or cotton string or smooth breakaway hondo will be allowed at 1st approved KPRA qualifying rodeos and the finals.
13. Once score line has been set in the timed events, it will not be changed at the rodeo, nor can the length of the box be changed.

14. In order for the time to be considered official, the barrier flag must operate.

15. If the automatic barrier does not work but the contestant or team makes a qualified run, a re-run will be given on the same stock before the stock may be competed on by another contestant. Judge has the option to waive the 10 second penalty and the time will stand as it is.

16. If an animal must be brought back for a re-run, it should be brought back with several other animals and no excess stress should be placed on said animal which will offer the contestant an unfair advantage or disadvantage (whichever the case may be) over the other contestants in that event.

17. Stock in timed events may be drawn as much as 3 hours and no less than 1 hour before each performance and slack of all 1st approved KPRA sanctioned rodeos. All stock must be drawn by number, including team roping cattle.

23. Pusher may not go beyond the end of the gate while pushing stock.

24. The line judge must have 1 liner to stand on opposite side of line during duration of performance and slack, but no more than 2 liners. It is the contestant's responsibility before he/she accepts his run to see they are in place.

25. Pertaining to the draw: All cattle must be run once, before any cattle will be run twice. Due to a split performance, if this procedure becomes impossible, the draw will include cattle remaining that have run the least number of times. In case of re-runs, all cattle in the draw will be run 1 time before being run twice. Any animal drawn and not competed on shall be considered run and if there are no re-runs, animal shall be used for the 1st extra.

26. In a multi-go round rodeo, or rodeos with an average payout, no contestant (exact same team) can compete on the same head of stock more than one time.

27. The timing of timed events will be in tenths. Barrel racing is to be timed manually in tenths and electronically in hundredths.

a. All times in all timed events during a performance and/or a slack performance should be recorded on the timer's sheet once the flag man drops his flag, including a barrel racing back up time.

28. Consistently undesirable rodeo stock may be disqualified for use at KPRA approved rodeos after consulting with the stock contractor and event directors. Contestants will voice their opinions through applicable event directors. The amount of cattle in the draw must equal the largest number of contestants in a performance.

However, if time is started by the animal and the contestant (calf roper, steer wrestler and hazer, or header and heeler) remains behind the plane of the barrier for approximately 10 seconds, that animal should be considered a sulking animal and replaced using the misdraw procedure.

35. A contestant shall be disqualified after the rodeo judge(s) signal for a 3 call by the rodeo announcer at a KPRA 1st approved rodeo.

36. All events will carry (1) one loop, except team ropers carry (2) two at all 1st approved KPRA rodeos and the year-end finals.

37. If a partner in one of the team roping events does not show up or draws out, the partner must be replaced with someone entered in the rodeo.

4. Catch as catch can. Rope must hold calf until roper gets hand on calf.
5. Tie must hold until after judge has completed his inspection. If tie comes loose or calf gets to his feet before the tie has been ruled a fair one, the roper will be marked no time.
6. Roping calf without releasing loop from hand is not permitted.
7. Any intentional dragging or mistreatment of calf regardless of distance will result in a no time and \$250 fine. Intentional

dragging shall be defined as caused by contestant. Excessive dragging of calf will receive a \$100 fine. Excessive dragging shall be defined as moving the calf 10 or more feet after the contestant has called for time. However, if in the opinion of the judge, the dragging was caused by something outside of the control of the contestant, the fine will be waived.

8. Contestants must receive no assistance of any kind from the outside.

9. The field flag judge will pass on the tie by timing 6 seconds from the time the rope horse takes his 1st step forward after the roper has remounted, unless rope comes off calf, then time begins when roper clears the calf. If the calf causes the rope to become tight after the 6 second count has begun, judge will stop his/her watch and request roper to ride forward, beginning a new 6 second count. If roper causes the rope to become tight it is an immediate disqualification.

10. Rope will not be removed from calf and rope must remain slack until field judge has passed on tie.

11. Flagger must watch calf during the 6 second period and will stop watch when a calf kicks loose using the time shown to determine whether calf was tied long enough to qualify. Contestant can request to see watch.

13. Automatic barrier will be used at all KPRA 1st approved rodeos for tie-down roping.

16. Arena conditions will determine score, length of score to be set by arena director and timed event spokesman or director if present. Minimum length of score shall be length of box minus 3 feet and maximum length of box.

17. If there must be a re-run of calves to complete a go-round, all calves must be tied down before any stock is drawn. If after 1 go-round has been completed, a fresh calf has to be used, the calf must be roped and tied before the drawing, but if extra calves have been tied at that rodeo, they will not be considered fresh.

18. All tie-down roping must be done from the box to the right of calf chute when facing arena.

19. ***The “Jerk-Down Rule” will be enforced unless otherwise stated.*** The “Jerk-Down Rule” will be defined as over

backwards with the calf landing on his back or head and all four feet in the air. The judge, at his discretion, can assess a \$100 fine for this infraction payable to the stock contractor. The contestant will NOT be disqualified.

20. No dairy or dairy crossed calves may be used in the tie down roping event without that event director's approval. 2. Steer must be caught from horse. If steer gets loose, dogger must take no more than 1 step to catch steer.

4. Steer will be considered down only when it is lying flat on its side or on its back with all four feet and head straight.
 - a. If for any reason, the flagger is out of position when the steer is thrown and cannot see all four legs, he should watch the hips of the steer. If the hip appears flat, you have to assume all four feet are out instead of waiting to ride around to the front side.
5. Wrestler must have hand on steer when flagged.
 - a. However, if the steer is down, but regains his feet while the contestant is changing directions, the steer is to be considered up. The steer must be up on all four feet and then thrown.

6. The fairness of the catch and throw will be left to the judges and their decision will be final.
7. Hazer must not render any assistance to contestant while contestant is working with steer. Failure to observe this rule will disqualify contestant.
8. Contestant and hazer must use the same 2 horses they leave the chute with. Hazer will be disqualified for jumping a steer.

the contestant declares himself immediately. There will be no penalty added to the re-run if, in the opinion of the judge, the contestant did not deliberately beat the barrier, and if the contestant declares himself immediately. If the originally drawn animal cannot be re-run, the contestant will run the extra, or have a steer drawn for him.

21. Only one jump will be allowed even in multiple go rounds such as the finals.

DALLY TEAM ROPING

1. Each team will consist of 2 contestants, a header and a heeler. Each contestant will be allowed to enter one (1) time. A medical release can be used to draw out the entire team.

a. If one member of a team is not able to compete after entering, the remaining member may get someone that is entered in that particular rodeo to rope with him. If the person, who takes the place of the contestant unable to compete, pays the entry fee, then the original contestant will not be put on the fine list. If the replacement contestant pays the fees, any money won will count for the standings. If the replacement team member does not pay the entry fee, the original contestant will be put on the fine list and be responsible for the turnout fee and fine.

2. Roping steers without turning loose of the rope will be considered a no catch.

3. Roper must dally to stop a steer. No tied ropes allowed.
Exception - heelers over 50 years of age and women over the age of 14 may tie-on rather than dally or with an obvious disability and judges' discretion.

a. Anyone tied on must use a quick release.

4. Time will be taken when steer is roped, both horses facing in line with ropes dallied tight, with horses' front feet on ground and both riders mounted.

5. Steer must not be handled roughly at any time and ropers may be dis-qualified if in the opinion of the field judge, they have intentionally done so.

7. Broken rope or dropped rope will be considered no time unless time has already been approved by the field judge.

8. If steer is roped by 1 horn, roper is not allowed to ride up and put rope over the other horn or head with hands.

a. Anything over two (2) feet of length of the box, must be approved by the team roping director.

10. Animals used for this event should be inspected and objectionable ones eliminated. Mixing of Corrientes with other breeds will not be permitted. Cattle must have adequate natural horns. Once a loop is thrown, steer belongs to team, regardless of condition.

11. Any question as to catches in this contest will be decided by the judges. Contestants must hold dallies until flagger passes catches.

12. Each team roping partner will pay the full amount of the entry fee plus stock charge and the full amount of the entry charges.

20. In the case of a rodeo allowing two runs in the team roping and the contestant wins money on each run, only the highest check won will count towards the KPRA standings.

COWGIRL'S BARREL RACING

General Rules

1. Barrel racers at KPRA approved rodeos must be female.

2. If a contestant is vet releasing a KPRA rodeo or co-approved rodeo, she must notify the rodeo secretary no later than three (3) hours prior to the performance she is up in. Contestant must then send a Release Statement to the KPRA secretary indicating the date of the release and the rodeos being released from. If a contestant fails to notify the rodeo secretary, and their entry fee is included in the pay out, the contestant is responsible for the fees plus a \$100 fine. Vet releases must be a minimum of five (5) days starting from the first performance/slack used. She may enter any rodeo during this time provided the performance/slack

entered falls outside the vet release date. (This includes co-approved rodeos) A contestant who violates the time frame shall be assessed a \$100 fine, and the rodeo will not count towards the year end as money won or as a first approved. A contestant may use no more than 3 vet releases in a year.

3. No assistance, foot OR horseback, will be allowed INTO the arena with the contestant. Contestants shall not be led past the entry gate into the arena during the barrel race. Penalty for violation is \$50. The barrel race will be the last timed event during a paid performance and arena is to be kept clear during the event. LBR may be run first during slack provided the stock contractor has informed Central Entry before entries open for that rodeo.

4. There shall be no rubber or plastic barrels or barrel pads used.

5. The flag judge will flag the nose of the horse at the start and the finish of each contestant's run.

6. Any time contestant crosses starting line, time will begin and contestant accepts arena conditions, running order and rake, as is.

7. Contestants will be assessed a 5 second penalty for knocking over a barrel. Touching a barrel is permitted.

8. Should barrel be knocked over and it sets up on opposite end, the 5 second penalty will still be assessed.

9. If all barrels are standing when a contestant crosses the score line after completing a qualified run, it is still considered a qualified run, even if the barrel falls after she is flagged.

10. Committee is asked to prepare ground in the arena to be consistent throughout the event and remaining performances.

11. If slack is run before the 1st performance of the rodeo, it is mandatory to work and water the ground the same as will be done for the performance.

12. Exhibition runs will be allowed during a rodeo performance at the Stock Contractors discretion and ONLY after contestant has completed her paid performance run. Violators of this rule will be assessed a \$100 fine. There will be a \$5 timer charge for each exhibition run.

13. A number less than 10- or 12-barrel racers can be approved by rodeo committee or stock contractor; however, ground must be raked after the same amount in the entire rodeo and slack if a lower number of barrel racers is chosen. Dragging at a lower number is highly recommended to reduce the risk of injury to horses and contestants.

14. Contestants may approach the right or left barrel first, whichever she chooses.

15. Contestant will be allowed to set up for her run as necessary, without circling unless there is a center gate. A spin or pivot is

A committee and/or stock contractor may require running in and out OR running in only if they desire. If a committee and/or stock contractor chooses this option, it must be posted at the secretary's office as well as on the website entry site. Failure to comply with any of the above will be a \$50 fine.

16. All contestants are required to make an honest effort at all times when competing. Contestants must run in the order they are drawn. JUDGES – LBR

Barrels used for practice must be removed from the arena and returned to their original location. Once the ground has been worked for a performance or slack, NO practicing is allowed. Failure to comply shall result in a \$100 fine.

Score line should be at least seventy (70) feet from the end of the arena.

BARREL PATTERNS CANNOT BE BIGGER THAN THE STANDARD COURSE, UNLESS APPROVED BY THE KPRA BARREL RACING DIRECTOR.

4. The starting line must be correctly measured back from barrel 1 and 2, so the distance is the same to ensure barrel racers going either to the right or left the same opportunity.

5. In small arenas, it is recommended the pattern be reduced proportionately to a standard barrel pattern.

6. Barrels will be measured by a tape measure by rodeo judge prior to the 1st performance and staked. The measurement of barrels and score line in feet and inches **MUST** be turned in to rodeo secretary before 1st performance and shall be posted.

Judges shall check markers before each performance/slack and re-measure, if necessary.

Disqualifications – LBR

1. Contestants will be disqualified if after crossing score line and being flagged by the flagman as beginning the run, she re-crosses the score line before completion of the cloverleaf pattern.

Electric Timer Failure - LBR

1. If the electric eye fails to work for 4 or more contestants in an entire go-round, the backup (manual) recorded times will be the official times for everyone.
2. When the electric eye fails to work for less than 4 of the contestants in an entire go-round, the manual times will be the official times for those electronically missed.
