Dunbier Boat trailers are a big part of Australia's boating history. Manufacturing more boat trailers than any other brand in the marine industry, means servicing and maintaining Dunbier trailers has evolved into a full time opportunity for many marine and specialist dealers across the country.

From humble beginnings over 56 years ago, the Dunbier name has grown to be one of the most trusted brands of boat trailers anywhere in the world.

Founded by Russell Dunbier in a small single bay Melbourne factory, family owned and operated Dunbier Marine Products now incorporates a state-of-the-art manufacturing facility in Braeside, Victoria, branch offices in Brisbane Sydney, Adelaide and Perth, and employs over 70 hard working Australians across the country. Today the company is proudly run and owned by Russell's daughters Michelle Reid and Tracy Jackson.

The Dunbier range of boat trailers has evolved and to this day we have the widest range of highly advanced products of any trailer manufacturer bar none. We can provide you with the right choice to suit not only your boat, ski or kayak, but also the type of boating you enjoy.

Our nationwide dealer network is the backbone of our business and you can be assured that wherever you see the Dunbier name you will be provided with the best possible service and knowledge in the marine industry.

As part of our commitment to our customers we manufacture and supply a comprehensive range of spare parts so that your Dunbier trailer can be maintained to the highest standards. With everything from replacement frame sections to consumer driven retail products, there is a Dunbier part for you.

We hope you find exactly what you are looking for in our range and look forward to you experiencing the Dunbier Difference like so many before you.

At Dunbier we believe that a day spent on the water is one of the best days you can have and we are so proud that we can help to make those memories for so many Australians.

The Dunbier Family

Spare parts are a necessity for every consumer and major retailers across the country, specialising in maximising the opportunity for the benefit of the customer.

The Dunbier lineup of spare parts and accessories has been developed to ensure the investment in your chandlery is well worth while.

With a proven track record of boosting sales by up to 25%, it will maximise your profit, increase customer satisfaction, drive workshop sales & increase your customer return opportunity.

Speak to your State Sales Manager to find out how you can join the program today.

WHAT'S ON OFFER?

The Dunbier Retail Program is simple and with 1-7 bay standard layouts available, it caters to all types of retailer.

Choose from a 1-7 bay standard layout to receive:

- Additional store fill parts discounts
- Gondola shelving units
- In-store signage
- Re-order tags
- Assistance setting up initial layout and establishing a re-order system
- **Increased profits and happy customers**

THE OPTIONS

ESSENTIALS - 1 BAY

The minimum requirement for all Dunbier trailer dealers, incorporating key service and retail consumable parts.

VALUE-ADD - 2 BAY

Extend your key service items with fast moving high volume retail parts.

SERVICE OFFER - 3 BAY

Deliver increased profits and a broader consumable offering for your customers in-store.

UPGRADES - 4 BAY

Maximise your stores potential with a broad range of service, retail, upgrade and maintenance parts and accessories. Covering hardware, rollers, suspension and accessories, it is a premium level of the Dunbier retail program.

RE-FURB - 5 BAY

Position your store as the go-to destination for boat trailer refurbishment. With a wide range of options, you can confidently meet the demands of your customers who are refurbishing their trailer.

REPAIR - 6 OR 7 BAY

Be prepared with stock of our most popular and essential products, ensuring you have what your customers require, when they need it the most.

SPEAK TO YOUR STATE SALES MANAGER TODAY TO ENROLL IN THE PROGRAM OR TO FIND OUT HOW TO MAXIMISE YOUR PARTS AND SERVICE OPPORTUNITIES.

TRAVELLER

PORTABLE ALLOY TRAILER

**BEST
SELLER!**

NEW!

Simple, strong & ready to travel! Our Portable Alloy Trailer is perfect for your car topper or tinnie. The all-alloy telescopic frame extends to suit hulls up to 3.8M, it's incredibly light to handle & it's a breeze to assemble.

Fitted with three keel rollers, XL side supports & an innovative winch & post assembly, you can safely transport your tinnie to the ramp or beach no matter where you are.

Completely assembled & on the road in under ten minutes[^] - it's a game changer for anyone with a wandering spirit. Don't leave the tinnie at home and miss out!

- SUITS HULLS TO 3.8M
- QUICK ASSEMBLY & EASY STORAGE!
- 12 MONTH FRAME WARRANTY*

FEATURES

Manufactured from high grade alloy means corrosion resistance is no problem and the new polished alloy wheels feature integral hubs and high grade bearings, so a short trip at highway speeds is no problem. Tools required are kept to a minimum as the main frame utilises six large pull pins for assembly and only four bolts are required to mount the wheel assemblies.

- ✓ **High Grade All Alloy Telescopic Frame**
Won't let you down
- ✓ **Heavy Duty Single Piece Axle Assembly**
Is tough and can take some hard knocks
- ✓ **Low Assembly Weight**
The heaviest part you'll need to lift is only 12kg!
- ✓ **Integrated Tie-Down Points**
Allow you to easily secure your boat
- ✓ **Large Adjustable Nylon Guides**
Adapt to a variety of boat designs
- ✓ **Galvanised Steel Stub Axle Assembly**
Is corrosion resistant
- ✓ **Polished Alloy Wheels**
Are lightweight and give a premium look
- ✓ **Impact Resistant Mud Guards**
Prevent stone damage

FREQUENTLY ASKED QUESTIONS - WHEELS

What is the best tyre pressure for my Dunbier trailer?

The tyres fitted to your trailer have been selected to match the maximum weight capacity of your trailer. Check the tyre's side wall and you will find the correct tyre pressure listed there. Alternatively you can consult the yellow sticker placed on your trailer's drawbar.

What stud pattern are the wheels on my Dunbier trailer?

10" wheels = 5 stud Ford
13" wheels = 5 stud Ford
14" wheels = 5 stud Ford
14" wheels = 6 stud Land Cruiser
15" wheels = 6 stud Land Cruiser

FREQUENTLY ASKED QUESTIONS - BEARINGS

How do I know when it's time to change the bearings on my trailer?

It's important to regularly check and maintain the bearings on your trailer to ensure smooth and safe towing. How do you know it's time to replace?

Keep an eye out for these three clear signs of wear:

- Signs of damage
- Discolouration
- Case hardening coming off the rollers

What are the right bearings for my trailer?

If your axle is:

39mm Round or Square = Holden LM

45mm or 50mm Square = Ford SL

Is your axle larger? The bearings will need to be pulled out to check the type - please consult your closest Dunbier Re-trailer Centre for help with this.
