

Camporama Attendee,

We have just posted information on the shooting sports competitions at Camporama. Even if you're not interested in the competitions, the Shooting Sports Events Overview document on the Downloads page on the National Camporama website will give a schedule of all shooting sports activities available. You can see when the open shoot times are available vs. the competition times. The activities are archery, BB gun, air rifle, black power, small bore rifle, and trap. Please note the deadline to register for the competitions is June 15, 2022.

The link on the website to the Shooting Sports & Archery page is <https://nationalcamporama.com/Details/Shooting-Sports>.
