

Simon Sez,

Greetings FCF members of the great Voyagers Territory and beyond!

Time is of the essence, the first registration discount cutoff is August 31. The earlier you sign up, the better the discounted rate; up to \$20 in savings!

As a special treat for Young Bucks who pre-register, I will be giving a bag of marbles. We will have an old fashion 'marble shooting' competition. So practice up, it's going to be fun!

On another note, thanks to the devastating Emerald Ash Borer Beetle, the state park has banned the use of any/all firewood that has not been heat treated and from out of the area (the only exception is hardwood floor cut-offs available from flooring contractors). You 'must' use heat treated wood purchased from the local area (available on-site at the park, and in adjacent cities at Walmart, Lowes, Home Depot, etc.). Some of us will arrive early to mitigate costs by cutting up some of the dead trees "on-site" as marked and allowed by the Park director. We are sorry for the inconvenience.

Check out our website for more info.

See you soon!
YR MO HMBL & OBT SVT,
Simon Tanner
Voyagers Territorial Rep
