

COVID and Mask Guidelines

Updated May 14, 2021

Dear Valued Members of Fitness 14:

In line with updated CDC Guidance and Nevada Directive 045, individuals that have been fully vaccinated against COVID 19 are no longer required to wear a face covering when entering, patronizing, or exiting Fitness 14.

Per the updated directive issued by the State of Nevada on May 13, 2021:

- In general, people are considered fully vaccinated: 2 weeks after their second dose in a 2-dose series, such as the Pfizer or Moderna vaccines, or 2 weeks after a single-dose vaccine, such as Johnson & Johnson's Janssen vaccine.
- If you don't meet these requirements, regardless of your age, you are NOT fully vaccinated.

The health and safety of our members, trainers, and contractors are of top priority to Fitness 14. As a result of this guidance, any person, guest, member, trainer, contractor, or cleaner that has not been fully vaccinated per the above guidance will still be required to wear a face covering at all times while inside Fitness 14.

Per CDC guidance, regardless of vaccinations status, please continue to practice social distancing of at least 3 feet. Additionally, please continue to wipe down every machine before and after use using the disposable paper towels and solution provided.

****NOTE** If you enter Fitness 14 and remain in the facility without a face covering, you are attesting to and confirming with Fitness 14 that you meet the requirements of a fully vaccinated individual as defined above per the directive issued by the State of Nevada on May 13, 2021.**

Thank you so much and stay safe!
